

Material Safety Data Sheet

SECTION 1 – Identification

Product Identifier: Be-2 Humic Acids
Product Use: Soil amendment
Supplier: Be Organics
Address: 508 SW Jefferson Ave, Suite 5, Corvallis, OR 97333
Telephone: 541-602-8990

SECTION II – Hazard(s) Identification

Hazardous Ingredients: None

SECTION III – Composition/Information on Ingredients

Common Name: 8% Humic Acids, 10% Kelp (seaweed), 4% SiO₂/Silica/Silicon Dioxide (sand)

SECTION IV – First Aid Measures

Eye contact: Flush with cool water
Skin contact: Wash with soap and water
Ingestion: Induce vomiting and consult a physician

SECTION V – Fire-Fighting Measures

Flammable or combustible: Not flammable or combustible
Flashpoint: None
Upper flammable limit: N/A
Lower flammable limit: N/A
Auto ignition temperature: N/A
Flammability classification: N/A
Conditions of flammability: N/A
Special fire fighting procedures: N/A
Hazardous combustion products: N/A
Shock sensitivity: Non sensitive
Static discharge sensitivity: Non sensitive

SECTION VI – Accidental Release Measures

Leak and spill procedures: Flush away with water

SECTION VII – Handling and Storage

Engineering controls: Normal ventilation

SECTION VIII – Exposure Controls/Personal Protection

Gloves: No special requirements, but gloves recommended

Respirator: Filter mask recommended

Eye protection: Safety glasses to avoid contact with eyes

Footwear: No special requirements

Clothing: No special requirements

Other: No special requirements

SECTION IX – Physical and Chemical Properties

Physical state: Soluble Powder

Odor and Appearance: Grey with slightly fermented odor

Specific gravity (H₂O = 1): 1.48

pH: 7.3 ±0.5

Solubility in Water: Soluble

Boiling point: NA

Freezing point: NA

SECTION X – Stability & Reactivity

Product stability: Product viability unstable at temperatures above 120°F

Conditions of reactivity: None

Incompatible substances: Disinfectants, bleach, strong acids, strong bases

Hazardous decomposition products: None

SECTION XI – Toxicological Information

Primary routes of exposure: Eye contact, inhalation, and skin contact

Exposure limits: None

Effects of acute exposure: Irritation

Sensitizer: Not known to be a sensitizer

Carcinogen: No

Mutagen: Not known to be a mutagen

Teratogen: Not known to be a teratogen

SECTION XII – Ecological Information (non-mandatory)

Environmental Impact: Likely to enhance growth of plants and benefit organisms

SECTION XIII – Disposal Considerations (non-mandatory)

Waste disposal: Solid waste or flush to sewer

SECTION XIV – Transport Information (non-mandatory)

Special shipping information: Avoid temperatures above 120°F

SECTION XV – Regulatory Information (non-mandatory)

Information sources: Suppliers MSDS's, OSHA, NIOSH, EPA

SECTION XVI – PREPERATION DATA

Preparation date: October 3, 2017

Prepared by: Be Organics
